Identify your competencies

Do you have experience from a profession and would like to know how you can use your professional experience in Sweden?

By doing a self-assessment, you can obtain an overview of what is required for the profession.

You do the self-assessment by filling in a form that is associated with a profession in the Swedish labour market. The answers are intended to support you, and you can use the self-assessment questionnaire in your meetings with an employment officer. The answers can make it easier for Arbetsförmedlingen and for you to choose which of Arbetsförmedlingen's measures is right for you. You may need support in seeing how you can utilise your competencies in Sweden, information about how to move on, to complete of your education, job experience or a validation.

The self-assessment's questions are based on the requirements of various professions in Sweden. The answers are based on your knowledge and experience from the profession.

All your knowledge and experience count. You assess your own competencies.

You can identify your competencies based on the following levels

1: No experience

- Here, you might have theoretical knowledge, but no practical experience.

2: Limited experience

- You have worked in the sector for less than a year.
- You have had a trial opportunity while in training.

3: Fair amount of experience

- You have references and employer's certificates relating to one year's work.
- You have worked in several workplaces in the same sector.

4: Considerable experience

- You have at least one year's experience in the profession.
- You have practical experience, and can start working independently relatively soon.

5: Extensive experience

- You should be able to be assessed straight away at a workplace as a supervisor, manager or expert.

- You have experience of organising and developing operations, and of administration and management.
- You have experience of communicating how work in the area is to be carried out, and can engage and motivate colleagues.
- You have experience of allocating resources to different projects/groups/operational areas/colleagues.

Use the space at the bottom of the form if you want to provide more details about your experiences. It may be that you have experience in the sector, but that there are no questions about that particular topic in the self-assessment questionnaire.

Can you prove your knowledge and experiences in any way, with education or employment certificates, for instance?

If you have certificates of any kind, Arbetsförmedlingen can help you to translate and validate them via UHR (Universitets- och Högskolerådet, the Swedish Council for Higher Education).

Self-assessment form Hairdresser

Answer on a scale from 1 No experience to 5 Extensive experience.
